

Cliff Hawkins

BSc, Dip Clin Psychol, AFBPsS, C Psychol, MBA.

Consultant Clinical Psychologist

Health Professions Council Registration: **PYL06155**
British Psychological Society Membership: **23776**

During his 30-year career as a Clinical Psychologist, Cliff has worked in the UK, the US and Eastern Europe, in statutory, voluntary and private organisations. Cliff has spent most of his career working with children and adults with learning disabilities, although he has also spent some time working in industry as a management consultant and he has an MBA. Cliff has held many leadership/management positions in his career, including being a Trustee of three different charities. Since taking early retirement from the NHS two years ago, Cliff has concentrated on working independently with adults with learning disabilities or difficulties, including people with autism spectrum conditions.
